STAT

Dear 

STAT

Other recent correspondence closes out an arrangement through which you have assisted us for the past two and one-half years. I realize that this assistance was at the cost of considerable time and inconvenience to you. That you did undertake it is a mark of trust which we take as a great compliment. I assure you that the matter involved was and is of the greatest importance and that your assistance was a very real contribution to the satisfactory carrying out of the activities involved.

Many thanks for your ready and capable assistance.

Sincerely,

Allen W. Dulles
Director
